April 2, 2020

Dear International Community;

As you know, the Greater Victoria School District No. 61 is currently working hard to organize the delivery of student learning by developing continuity of learning plans. We expect these plans to be in place by April 15. As noted, Victoria International will be providing an update on these plans April 8, 2020.

For Action

- Communication with students is very important so **students should check their SD61learn Email Accounts on a daily basis**. Most current international students (in Victoria and in home country) should be able to access their SD61learn email accounts as they have been required to use their account in some classes to submit assignments.
- Some Teachers have started to communicate with their students through their SD61learn Email Accounts and it is very important that international students are aware of the communication they are receiving.
- If a student does not have access to a SD61Learn Email Account, or is unable to access their account due to a password issue, please visit the link below and there will be options on the left side of the screen to assist them:
<https://www.sd61.bc.ca/parent-student-resources/student-accounts/my-account-student/activate-my-account/>
- If a student is still having difficulties in accessing their account, please feel free to contact the international leadership team ilt@sd61.bc.ca or school- based International student advisor for support.
- Students not able to use Google Suite services due to restrictions in their home country will be contacted by Dr. Mary Shi zshi@sd61.bc.ca with further guidance.

We kindly ask for your support with this important matter to support continuity of learning plans for our students.

Sincerely,

Jeff Davis, PhD
Director
International Education
Greater Victoria School District No. 61
